**Lindsay Draime Writes**

All this cold and snowy weather has probably kept many of our BMW's stored away. It is time to think Spring and plan this year's events. The planning meeting will be held March 5th at 12:00pm at Sam's Joint in Plainwell, MI. We will be scheduling this year's events including the Fall Color Tour, Christmas Party, and Autocross. We would also like to discuss additional opportunities to meet with our club members. The other chapters in the North Central region are coordinating activities including driving schools and tours. These events are put on throughout our region at tracks near many of our members.

One of the upcoming events is a Winter driving school on Feb. 26th in Traverse City put on by the Motor City Chapter. They also will be hosting the driving school at Grattan racetrack. The Windy City chapter puts on a driving school at Gingerman racetrack near South Haven.

Harvey, Eve, and I attended the North Central conference in Chicago on Feb. 19th and 20th. We discussed activities and shared ideas with the other chapters in our region.

Once approved we will have a new chapter logo as required by BMW NA. Thanks to Harvey and Craig for their efforts in securing the new design.

As always, check the website and Facebook for updates and further information.

Lindsay Draime, President  
 Michiana Chapter, BMWCCA

Tire shaving removes tread rubber, reduces tire weight and increases the width of the tire's contact patch. The resulting shallower tread depths will further enhance your performance.</p> <p><b>Heat Cycling</b>        New tires require a "break-in" period to achieve maximum performance and durability. Running new tires through an easy heat cycle first, and then allowing them to relax (24 to 48 hours) allows the rubber bonds to relink in a more uniform manner than they were originally manufactured.</p>	<table border="0" style="width: 100%;"> <tr> <td style="text-align: center;"> <b>BBS</b> BBS RKII</td> <td style="text-align: center;"> <i>Breyton</i> Breyton Vision</td> <td style="text-align: center;"> <b>BORBET</b> LEICHTMETALLRÄDER Borbet Type VS</td> </tr> <tr> <td style="text-align: center;"> <b>SSR</b> Mille Miglia HT3 Carbon</td> <td style="text-align: center;"> <i>moda</i> Moda R6</td> <td style="text-align: center;"> <b>SSR</b> SSR Competition</td> </tr> </table>	 <b>BBS</b> BBS RKII	 <i>Breyton</i> Breyton Vision	 <b>BORBET</b> LEICHTMETALLRÄDER Borbet Type VS	 <b>SSR</b> Mille Miglia HT3 Carbon	 <i>moda</i> Moda R6	 <b>SSR</b> SSR Competition
