## The President's Column

Hello San Diego BMW Club members!!! We are officially in July!!!!

Now that its summer and ambient temperatures are going up, be sure to keep an eye on your temperature. I don't mean your BMW's oil or coolant temperature, I mean YOUR temperature. My good friend, Satakal Khalsa wrote a quick blurb to Roundel a year or two ago regarding driver comfort and how Air Conditioning plays a significant role in maintaining driver comfort. I personally notice a drastic change in my body temperature when I drive, especially in my hands. I often move the A/C vents towards my face and hands to keep cool and prevent sweat during those "spirited" moments. Some would argue that the air conditioning system is not necessary in certain circumstances and some even go as far to remove the air conditioning system completely from their BMW. In case you didn't know, even race teams use air conditioning in their race cars. In fact, in the American Le Mans Series, there is a regulated, maximum driver temperature to help keep the driver from overheating while in the middle of a race. That means the race car is fitted with air conditioning and is used strategically throughout the race. Coincidentally, my E90 M3 has a feature on the A/C control panel with a button called MAX A/C. Its purpose is to act as a one-touch button for maximum air conditioning when in demand. I tend to use this feature while in the hot pits at an Autocross or Track Day to help keep the cabin cool when the airflow is low. I must say, it is refreshing to get that quick but cool breeze of cold air.

July and August are going to be busy! Good for those who want to socialize and cruise back roads with other members. If you're free on Saturday July 14th, there are a few places you may be interested in checking out. My good friends at HRE wheels are hosting their annual open house with their products on display, guided tours of their facility and misc food and beverages. I have personally worked with HRE in the recent past and this event is off the charts! HRE is the home of the best wheel manufacturer in the country and great people to educate you on proper wheel technology and selection. My other good friend Neil Daly at Oceanside Motorsports is also hosting an open house. Neil has been with the San Diego BMWCCA community for a few years now and has officially survived the preliminary years of shop ownership. Neil invites all of us from the San Diego chapter on Saturday July 14th in Oceanside to attend his open house, complete with food, beverages and good people to talk to.

Wednesday July 11th we are having a Meet & Greet at Green Flash Brewing Company in Mira Mesa. \$5 per person, includes tour and guided tastings, be there by 5:30. Sunday July 15th we are having a Back Country Mountain Tour put on by the Illustrious Jim Llyod. Starting at 10:00am, meet at the Target Parking lot off Jamacha and Campo Rd. Jim will lead us on a back road tour with a stop or two along the way. Expect a final meeting point for lunch as well. Saturday August 4th we're having baseball night again! Starting at 5:35, Padres vs New York Mets, field box seats on the 3rd baseline. And if that isn't exciting enough for you, we are having a special Autocross on Sunday the 5th. Official format is to be determined but we are planning on a no contest, practice day for anyone to come out that wants to practice without competing.

Check out our monthly board meeting (the 2nd Tuesday of every month) at Giovanni's Pizza on Clairemont Mesa Blvd. at 6:30pm. I recommend coming around 5:45 for free pizza and socializing with other club members and guests.

—Nick

# The 2012 Jack Cavanaugh Memorial Car Show, Clean Car Contest, Bake Sale & Charity Auction Sunday, May 20

Yes, we added a fourth event to this year's show—a bake sale—and it was a big success. Matthew Kogan brought his culinary expertise along with many member donations and raised \$97.00 to be added to our total charity donation.

It was another perfect day for the 52 BMWs and 2 MINIs that graced the lawn

at Spanish Landing Park, on the bay directly across from the airport. We had ten fewer entries this year, probably due to Bimmerfest being held the previous day in Pasadena.

The judging team this year consisted of Gordon Anderson, Paul Cain, Ron & Kimberly Perry, Mike Murillo, Sarah Woerner, Jim Lloyd, James Eberhardt, Pedro Leon, Ted Lange and Christopher Kohler.

# Sunday FUNday Autocross

**New Format:  
Continuous Lap FUN  
on Sunday, August 5<sup>th</sup>**

**Register Online** at <http://sdbmwcca.motorsportreg.com>

**Online Registration will be open from July 14<sup>th</sup> – 31<sup>st</sup>**

**The first 20 non-BMWs to register are guaranteed a spot**

**W**e got an extra autocross day this Summer, so we're using the big West Lot just for FUN this time! After four single-lap practice runs with Instructors coaching, we'll spend the rest of the day doing the ever-popular continuous laps, 4 at a time, with drivers carefully spaced. No pressure, no trophies, just an excellent practice day to really get your tires warm and experiment with technique. We have some ideas for a creative course layout too... **NOTE: The helmet standard changed in January to require Snell 2005 or 2010 ratings. Check yours to be sure it's up to date—rentals are limited.** We truly appreciate BMW of South County in El Cajon for their hearty support of our Autocross program. With online registration, local drivers, long-distance travelers and non-BMW competitors can reserve their spot, so don't miss it. You can register between August 14<sup>th</sup>-31<sup>st</sup>. Online registration opens 3 weeks before the event and closes just a few days before. Don't wait until the last minute because it's still first-come, first-served (with no online waiting list) and our 100 spots sometimes fill up in advance. We'll still offer registration on-site if any openings are left.

The entry fee is \$65, including breakfast items, lunch and beverages. You can pay online if you register in advance at <http://sdbmwcca.motorsportreg.com>, or register on site with cash or check if you wait. You must be a BMW CCA member to participate, and you can join online at [www.bmwcca.org](http://www.bmwcca.org) in advance. Please print and bring your membership confirmation if you have not yet received your BMW CCA membership card. We check membership of all participants at the gate. Our Chapter autocross policy gives priority to members who are driving BMWs or MINIs. Members driving non-BMWs will be allowed to participate if space is available. If we still have openings after online registration, we will allow registration on-site on a first-come, first-served basis.

**REMEMBER: IF REGISTERED ONLINE,  
BRING PROOF OF MEMBERSHIP AND  
ARRIVE BY 7:30 (BEFORE ON-SITE CUT-OFF)  
TO KEEP YOUR RESERVED SPOT**

### When you arrive:

1. If you registered online, stop at the gate to sign the waiver and notify the Gate Greeter. Your name will be checked off the pre-registration list. All participants must show their BMW CCA membership card. Those who did not register online will receive a numbered card at the gate in their order of arrival; take it to the Registration table. **There is no guarantee that spots will be available for those who wait to register the day of the event.**
2. Empty all loose items from your car, then go through the Tech Line and have your car inspected. Bring your Tech card and you will receive Tech and helmet stickers.
3. Take Gate card and Tech card to Registration to get checked off for pre-registration or pay your \$65 entry fee. You will receive car numbers to place on your side windows.
4. If you don't have a helmet, you can rent one from the club for \$10.
5. Your entry fee of \$65.00 includes one lunch and unlimited beverages. Additional lunches can be purchased at Registration for \$7 each.

Gates will open at 6:30 am; tech and registration will open at 7:00 am. Tech will close at 8:20 am and no cars will be inspected or allowed to run after this time. There is a **mandatory drivers meeting at 8:30 am** and the course opens for runs at 9:00 am.

**Stock classes** permit any size wheel and tire; non-stock shock absorbers, bushings and strut braces; any brake pad material (brakes must be stock-size), any air filter or cold air intake or cat-back exhaust; and naturally-aspirated cars may use aftermarket engine management software. Tires must be 140 treadwear rated or higher in Stock. **ANY other performance modification, including but not limited to springs, "R"-compound tires, and engine software for turbocharged/supercharged cars, puts the car in Modified. Non-DOT tires (i.e. slicks) on any car place it in Gold Class. All cars must be under a 92 dB noise level to be driven at Qualcomm—and we'll be checking.** Our car classes are kept simple so we can use the honor system.

Women drivers and Novices are classified based upon the car they are driving. We also award a Women's Class trophy to the woman with the fastest time, and two Novice trophies to the two fastest novices. This means women and novices will be eligible for multiple trophies. For example, a very fast novice could win a novice trophy and a trophy in his car class. Remember, you are only a novice for the first and second time you autocross, and if you win a trophy you are now a ringer, not a novice.
