There is nothing as wonderful as a convertible cruise in the Fall! The crunching of leaves, crisp wind rushing by, and the sparkle of the sunlight twinkling between the trees. It's the best time for country drives, and enjoying the last moments of top-down weather before the winter season. It's also a good idea to schedule out some time to winterize your vehicle, and when the temps begin to drop - switch to your winter tires. At first, I didn't think it would make that much of a difference - but winter tires REALLY DO! A good set of winter tires on my first Z4 made me a believer when every other car was spinning off 435 a few winters ago. I was able to get around like it was a regular sunny day.

But that also reminds me of when I joined BMW CCA many moons ago. When Mike Staub was president then, he asked me why I joined. I told him the simple truth: to learn more about my car and how to take care of it properly. I had so much to learn, but was excited about it at the same time! Here's this local group, who have years of experience owning various BMW's- and they have saved me time, money, and prevented issues

because of their expertise. (To all of you who endured my incessant questions over the years - THANK YOU!!)

Your fellow chapter members are the most wonderful resource for knowledge and product testimonials there is! Sure, you can read reviews online, but how do you know they are legitimate? Come to our BMW Cars and Coffee events - the gathering of knowledge about these cars is well worth the price of membership. We genuinely care about you, and your happiness with your experience in fine German Engineering. It's truly something remarkable!

We were not able to secure a date for the Cottonwood Falls event as hoped, but we'll keep trying. :)

Celebrate the Drive!

Good Food and Fun at Beethoven's 9th

Willkommen bei Beethoven's 9th!

Many members went on a casual drive to a little unknown gem in Paola, Kansas in November. A wonderful authentic German restaurant called Beethoven's 9th! Several of the guests had a feast of luscious dinner rolls, spaetzle, schnitzel, rouladen, frikadellen, and so much more!

the year, but they had moved to this bigger location, and the building wasn't ready yet. It was worth the wait to reschedule in November!

Definitely check out their site for information and location directions: <http://www.beethovens9.com>

After lunch, several members took Rhonda Rein's suggestion to go walk about the town square for some shopping or just enjoying the beautiful sunshine. The town is pleasant- great, friendly folks- and the park is

This fantastic place is literally steps from the town square in Paola, and features indoor and outdoor dining.

Members who registered received a little hand-made name card holder as a thank you gift. The food was incredible! If you haven't been here before- bring a hearty appetite! You will most likely be taking some leftovers back home.

Beethoven's 9th was actually on our calendar earlier in

perfect to enjoy for kids of all ages.

Thank you to Brad Rein for the original suggestion- and thanks to all who attended!

How your BMW passion started:

You know, I've just loved and been passionate about cars and driving since I was a kid. Early on my mom had always said to me "you should be driving a BMW". Apparently her brainwashing techniques worked and the rest as they say is history.

Best BMW CCA memory:

My wife Tanja and I had done a coastal club drive from Carlsbad to Mission Bay cruising with a lot of SD BMW CCA club members and then having lunch. Some days are just perfect and that day cruising in the Tii was truly amazing.

Favorite club event:

All things involving people and cars - seriously it's hard to pick just one...but track events are really fun.

Favorite new or old BMW:

Please don't make me pick one - here's a hint. It has two doors.

Funniest or craziest thing you've ever done to a BMW (or in one):

Drove from San Diego to San Francisco in a 1987 325e in 6 hours and 10 minutes. Still not sure how.... Oh yeah, now I remember...I got a ticket on the way home for 91 in a 55, hence the 14 hours on the return trip staying at 55 MPH - the California speed limit in the olden days.

Favorite driving slogan:

"If you're not first, you're last" Ricky Bobby
